

MammoPad Survey

At Imaging for Women, our goal is to make our patients feel as comfortable as possible while we are giving them the best of care.

We have added a product called the “MammoPad®” to help us achieve our goal.

The MammoPad® is a soft foam pad that creates a warm cushion between you, the patient, and the cold hard mammography machine. Please take a couple of minutes to let us know about your experience with this product.

Do you feel like this product makes the process of having your mammo-gram a little more pleasant?

Yes ☐ No ☐

Would you like us to provide the “MammoPad®” for your next visit?

Yes ☐ No ☐

Would you tell a friend about your experience with the new softer mammogram?

Yes ☐ No ☐

Please list any additional comments: _____

May we quote you?
